Min Stad; Azul

•Azul är en stad belägen i centrala delen av provinsen Buenos Aires i Argentina. Staden är historiskt känd som en ” Cervantes-stad” på grund av sin starka koppling till Miguel de Cervantes verk. Den utmärker sig genom sina vackra grönområden, sin traditionella arkitektur och den kommunala parken Florentino Ameghino.

•Varför bestämde jag mig för att åka på utbyte till Sverige?

MY SCHOOL LIFE

By: Sebastian Muñoz

WHERE I STUDY?

I study at PederSkrivares Skola
school in the city of varberg

BIGGEST DIFFERENCES

1 single building: everything happens in the same room

2. Formal treatment: In colombia we must call teachers as proessors.
3. Continuous schedule: In Colombia we only have one schedule woth only 2 shprt breaks between classes

1. More than one building: eah cass has a specialized classrom
2. More trust: Here in sweden there is more of a relationship of trust between the teacher and the student
3. Free time: Here we have free time between classes to rest or study

THINGS THAT IMPACTED ME

1. Buffet lunch: at school we have a buffet luch with too many diffetrent options

2. More than one school program: Here in Sweden, we hae more than one program which serve to support and encourage students iteresrt in ther stuies.

HOW I MADE MY FIST FRIENDS

I made my fit friends the day i arived at the classroom. Several guys just started like "who is this guy"?" and others came up to talk to me. It was fun to see the reactions,and thaks to that day i have my best friend and im already part of agroup

WHAT I TAKE FROM THIS EXPERIENCE

During this time i have managed to improve my independence: when i need to organize my time between breajs and changes of class locations

WHAT I TAKE FROM THIS EXPERIENCE

During this time i have to managed to improve my language skills imoroving my English and also learning Swedish (although i dont know much yet)

WHAT I TAKE FROM THIS EXPERIENCE

During this time i feel more proud to be Colombian, sharing m warmth, craziness and hoy in every conversation

SHOCKING FACTS ABOUT COLOMBIA

1. we get up at 4AM too to school
2. We have all our clases in the same place
3. We have to wear uniform
4. The school day ends at 1:35PM

TACK SÅ MYCKET!
